

Your Safety is Worth Celebrating!

This week, as MEUW celebrates its birthday with Member Appreciation Days, we want to say **thank you**. Thank you for trusting us to support your safety training needs and for making safety a priority in your utility.

For us, safety is about more than training sessions, equipment, or procedures. It's about helping you and your coworkers return home safely at the end of every workday. We're proud to be a resource for our members, whether through hands-on training, safety reminders, monthly safety calls, or opportunities to learn from one another.

A safety reminder for this week: Before starting your next task, take a moment to pause and ask yourself: *What could go wrong, and what can I do to prevent it?* Check your surroundings, confirm the hazards, and make sure you have the right equipment and plan for the job. A few seconds of preparation can prevent a serious injury.

Our members are the reason MEUW is here, and your trust means a great deal to us. As we celebrate another year, we're grateful for the opportunity to work alongside you to build safer workplaces and stronger communities.

Happy Member Appreciation Days! Thank you for being part of the MEUW family and for trusting us with what matters most — your safety.
