

A diverse group of 135+ utility suppliers, consultants, and service providers support MEUW as Associate Members, each offering products and services municipal utilities need to deliver affordable, reliable, and safe electricity to their communities. MEUW’s Annual Conference events offer our vendor partners a chance to connect with municipal utility leaders in different ways. In response to many requests, MEUW is adding a trade show to this year’s schedule of events.

Because space is limited for both the trade show and golf outing, MEUW is using a lottery selection process to ensure fairness if demand is higher than the supply. Associate Members interested in exhibiting are encouraged to sign up early.

Presenting Sponsor*
