

The Village of Bangor and Bangor Municipal Utilities, Wisconsin, an equal opportunity Employer, is seeking a qualified candidate to serve as Journeyman Lineman or Lineman Apprentice within its Electric Utility Division. Bangor Municipal Utilities Journeyman Lineman position offers a regular work schedule\* that allows you to be home in the evenings and half day Fridays.

We offer excellent benefits including Wisconsin Retirement, low medical and dental premiums and out of pocket costs. If you are interested in working in an excellent working environment with a team of experienced journeymen, this position may be for you. You will be working within the Village of Bangor and our 250 sq mi service area. There are no living requirements, only that you are able to respond in a reasonable time. There will be no overnights unless there is an emergency or you are attending training and/or seminars, etc.

- Your regular schedule will include rotating stand-by responsibilities that you are compensated for. During the weeks you are on stand-by, you will be required to respond to after-hours electrical calls after regular work hours. Outside of regular work hours and rotating stand-by, your assistance may be requested when others are on stand-by if level of response is warranted. The position is categorized as Essential. If there is an “all call” due to a large emergency, you may be called upon after hours also.

The purpose of this position is to perform electrical distribution line construction, maintenance, and repair tasks while communicating and working as part of a team. The ideal candidate would be a self-motivated, responsible individual. This job requires extended periods in the field, accessing work areas by foot, ladder, elevated platform, etc. It further requires the ability to work under unsafe and uncomfortable conditions where exposure to environmental factors such as temperature variations, odors, toxic agents, noise, vibrations, wetness, machinery, disease, electrical currents, vehicular traffic and/or dust can cause discomfort and where there is risk of serious injury.

## **Qualifications**

A High School diploma or equivalent is required, and completion of a four-year electrical lineman apprenticeship, or any combination of education and experience that provides equivalent knowledge, skills, and abilities. A valid Wisconsin Driver's license and CDL license certification is required. Also required are a certification in CPR, first aid. Must have successfully completed an Electric Line Apprentice Program, and:

Must have thorough knowledge of Company's specifications for line and service construction as it applies to their work

Must be capable of acquiring a working knowledge of the connection and the operation of transformers, regulators, and other transmission, substation, and distribution devices and equipment

Must have one year of experience as a Journeyman Lineman; Advanced step apprentice may be considered.

Must be able to advance through training as required by job duties.

Duties for this position include, but are not limited to, operating loaders, backhoes, dump trucks, jackhammers, bucket trucks, wood chippers, chain saws, diggers, and cutting torch and welder. The person in this position will operate hand tools near and around electrical distribution lines; operate live-line tools to connect and disconnect distribution lines and components. They will prepare work sites; erect warning signs and secure work areas; as well as maintain knowledge of and implement safety procedures. This person will be responsible for locating underground electric cable faults for repair; installing primary and secondary overhead and underground electrical systems; participating in on-call status for emergencies; planning and directing on-site maintenance/repair tasks; and recommending on-site operational changes.

Candidate must have the ability to communicate, and establish and maintain effective working relationships with the public, Utilities team members, and other City employees. They must also be able to take direction, facilitate communication, resolve problems, and work individually as well as part of a team.

This is a full-time, non-exempt position. The starting hourly rate for this position is \$45.00 – \$47.77 with an excellent benefits package.

Please submit a letter of interest and resume to: Electric Utility Manager Bangor  
Municipal Utilities 106 15th Ave North P.O. Box 130 Bangor WI 54614
