

BREAKOUT SESSIONS

Thursday, April 29, 2021

Sauk County Fairgrounds – Baraboo

FIRST SESSION

10:30 to 11:10 a.m.

Two sets of breakout sessions – each 40 minutes long – will enable attendees to learn about the topics most relevant to their role and specific interests.

Breakout sessions will take place in three locations on the Expo grounds. Seating space will be limited and attendees will be asked to observe social distancing

Learning Topic	Presenter	Location
Working Safely Around 5G Wireless Facilities	Joe Moore <i>MJ Electric</i>	Building #1
Electric Vehicles and the Power Grid	Heather Allen <i>RENEW Wisconsin</i>	Badger Building
Pole Testing and Maintenance	Dave Karcz <i>Karcz Utility Services</i>	Commercial Building

SECOND SESSION

11:15 to 11:55 a.m.

The health and safety of Expo attendees is a priority, so masks will be required, and individuals will be asked to stay six feet apart. Events will take place mostly outdoors or under open-air tents and pavilions; breakout sessions will take place indoors. **The Expo will be held rain or shine.**

Learning Topic	Presenter	Location
Trends and Opportunities for Electric System Planning	Dave Krause <i>Krause Engineering</i>	Building #1
Enhancing Revenue with Smart Grid Metering	Bill Amelse <i>Primus Marketing</i>	Badger Building
Hazards of Generation Backfeed	Randy Larson <i>MEUW</i>	Commercial Building
